 **Thrive Connemara**

Thrive Connemara has been established in 2024 by Mental Health Ireland. The aim of this community-led movement is to create happier and healthier communities by bringing people, organisations and service providers together to promote mental health and wellbeing through activities that benefit the local community.

Connemara is the third location in Ireland where Thrive was introduced.

Thrive Connemara plans different events and projects focused on mental health and well-being which will be implemented in the coming months in the area of Connemara.

Our Vision Our Voice

**The Atrium, Westmeath County Council
Buildings, Mullingar**

"It's Never Just Black or White," life is full of nuances and shades of grey. Whether it's making decisions, understanding people or interpreting life events, things do not always just fit into the one box or the other. "It's Never Just Black or White," is the 2024 theme of OUR VISION OUR VOICE, a partnership project funded by Westmeath Arts/Creative

Mullingar MHA was formed in 1967. MMHA activities include community health promotion including Five Ways to Wellbeing and Hello, How Are You campaign, as well as information sharing, signposting support and helplines, organising and supporting wellbeing, recovery and social integration programmes for mental health service users.

Ireland and Mullingar MHA. Now in its 9th year, the project is facilitated by Rosaleen Heavin, Art Therapist, with participants from the local Mental Health Services in Athlone and Mullingar attending the programme from May to October. Rosaleen encouraged participants to start with black and white art, explore various techniques and materials such as pencil drawing, shading and acrylic painting. This approach guided them to become more comfortable with the various art forms as a medium of expression and to understand the connection between colour and mood, gradually incorporating colour into their works. An exhibition showcasing two pieces from each of the 24

participants will be held at The Atrium, Westmeath County Council Buildings, Mullingar, from 7th to 18th October 2024. The official opening will take place on 10th October 2024.

Expressions Project

Presentation Centre, Enniscorthy

The 'Expressions' Project aims to promote awareness amongst young people of the importance of positive mental health and the causes and effects of mental illness.

The competition will focus on the theme of 'Positive mental health is.....' and applications will be open young people in County Wexford between the ages of 15 and 18 years of age. The idea is that people would express their opinions and views on what they think positive mental health is, by creative writing, artwork, drama, poetry, etc. They will then get the opportunity to present their work to a judging panel followed by a prize giving ceremony.

Launch of Martin Moir's CD

**Ascain Centre, Ard Chlochar,
Carndonagh, Co. Donegal**

Martin Moir (a member of the GTI MHA) has produced a CD of his own music and is giving all profits to the charity. We are holding an event with all members of the GTI MHA to launch the CD and to have a pizza movie night after.

For more information, get in touch!

The principle aim of GTI MHA is to promote mental health recovery and reduce social isolation for club members who have experienced mental ill health, all of whom live within the Inishowen Peninsula. We provide a supportive environment to foster supportive relationships and friendships. It is a peer led, self-funding charity dependent on fundraising.
